- Industrial & Manufacturing Services

**A** Dallas-based, minority/women business enterprise, ElleCo Construction is a licensed and bonded general contractor offering a wide array of finish-out and renovation services for commercial properties in North Texas. Depending on a project's specific needs, ElleCo provides diverse services and is fully qualified to serve as one of many designated subcontractors or as the project's lead contractor.

The ElleCo Construction team manages construction projects by working with clients' architects and interior designers from start to finish, planning, coordinating, building and bringing to life commercial interior and exterior projects. ElleCo works diligently to control and manage project costs, find practical solutions, meet deadlines and minimize disruptions while delivering elegant results.

Providing high-standard craftsmanship and service at competitive rates, the knowledgeable staff at ElleCo takes pride in completing plans within budget and on schedule, supplying complete detailed estimates and accurate schedules for all projects. ElleCo specializes in all aspects of interior and exterior renovations. The diverse team at ElleCo has the experience, creativity and skill set for all commercial renovations.

ElleCo offers commercial remodeling and finish-out services to a broad range of clients. Whether they recently have opened a new business, are moving to a new location or their space just needs an energized makeover, ElleCo is here to fill those needs and takes pride in the finished product. ■
